Description

Spacious town house divided into 3 levels, with a large terrace on the second level next to the rooms.

The property maintains the original aesthetics that were used at the time, artisan floors, high ceilings with wooden beams in good condition, large and stylish wooden gates located as the main door and another as a divider between the patio and the dining room.

Entering through the main door we find a large entrance hall, on the left hand side is located the first bedroom, which could be used as a guest room or any other use. Next we find the living/dining room equipped with a wood-burning fireplace decorated with traditional Jávea tosca, the kitchen, the toilet and an area which could be used as a laundry room/storage room, etc.

From the interior staircase we access the first floor, where we find a spacious hall that leads to the other 3 bedrooms and to the sunny terrace where we can enjoy the climate that Jávea offers us
